

The target diagram for the Predator GTO L consists of concentric circles. The outermost circle is labeled 1. Moving inward, the next circle is labeled 2, then 3, 4, 5, 6, and 7. The center of the target is a solid black circle labeled 9. The area immediately surrounding the center is a red ring labeled 8. The area between the red ring and the 7th circle is labeled 9. The area between the 7th and 6th circles is labeled 8. The area between the 6th and 5th circles is labeled 7. The area between the 5th and 4th circles is labeled 6. The area between the 4th and 3rd circles is labeled 5. The area between the 3rd and 2nd circles is labeled 4. The area between the 2nd and 1st circles is labeled 3. The area between the 1st and 0th circles is labeled 2. The area between the 0th and the center is labeled 1.

~~Predator GTO Lead Free 11.75 Gr~~

The diagram shows a target with concentric rings. The rings are numbered 1 through 9 from the center outwards. The center is a black bullseye. The first ring (9) is red. The second ring (8) is white. The third ring (7) is red. The fourth ring (6) is white. The fifth ring (5) is red. The sixth ring (4) is white. The seventh ring (3) is red. The eighth ring (2) is white. The ninth ring (1) is red. The target is labeled 'H&N Field Target T' on the left side.

~~H&N Field Target Trophy 14.66 Gr (5.53)~~

The diagram shows a target with concentric rings. The outermost ring is labeled 1. Moving inward, the rings are labeled 2, 3, 4, 5, 6, 7, 8, 9, and 10. The center is a black bullseye. The rings are colored as follows: the outermost ring (1) is white; rings 2 through 7 are white; ring 8 is red; ring 9 is red; and the center bullseye is black.
