

Ron's Airgun List

.177 Benelli Kite regulated ten-meter PCP pistol. Yes, THAT Benelli also makes a very nice ten-meter pistol. This one captured a 2012 Field Target National Champion title with a 39/40 score. Excellent condition with factory locking aluminum case, charging adapter, manual and papers. \$600.

From my notes-

8.44gr JSB Exact, 10 shot string, as received- Lo= 454, Hi= 469, ES= 15, SD= 3, Avg= 463/4.0

8.44gr JSB Exact, 10 shots, power maxed- Lo= 506, Hi= 521, ES= 15, SD= 5, Avg= 513/4.9

1960s/70s vintage Robinson-customized .22 Crosman 600 semi-automatic Co2 pistol. Carbon-fiber shrouded 12" barrel, nicely figured walnut aftermarket grips. Pistol only \$400. With 2X Nichols pistol scope pictured \$475.

From my notes-

14.3 gr Crosman Premier, 70F, 7 shot string- Lo= 454, Hi= 471, ES= 17, SD= 6, Avg= 462/6.8

11.9 gr RWS Hobby, 70F, 23 shot p-band- Lo= 469, Hi= 513, ES= 44, SD= 11, Avg= 493/6.4

.22 Smith & Wesson Model 78G Co2 pistol in excellent condition. This is the highly sought-after early model 78G **manufactured by Smith & Wesson** with an adjustable trigger. I machined a bit longer barrel to fit, and added nicely figured walnut grips. Pistol only **without scope** \$350. Several pistol scopes available for extra \$\$\$.

From my testing notes-

14.3gr JSB, 9" barrel, 95F, 25 shot powerband- Lo= 442, Hi= 470, ES= 28, SD= 3, Avg=462/6.8

5/24/2021- Five consecutive three-shot groups at 25 yards averaged 1.20" c-t-c with 14.3 grain JSBs

LOVELY laminated wood-stocked .177 FX Wildcat regulated side lever PCP bullpup, excellent condition in all ways, tuned to 20 foot pounds for Hunter Class field target, fantastic trigger action and accuracy, Smooth Twist barrel predates FX's pencil-thin noodle barrels, holds a zero great, **shoots like a house afire!** Rifle without scope includes Donny FL Tanto moderator that **lengthens the rifle to 31.5"**. \$750

10.3 grain FX, 240 BAR, 85 shot power-band Low= 932, Hi= 949, ES= 17, Sd= 3, Avg= 938

.22 MRodAir Airmax Varmint bolt-action PCP. This is an MRodAir branded SPA Chinese-made unregulated PCP that I've tuned and trigger-smithed to be a light, powerful hunting rifle with excellent trigger action. Rifle **only**- \$125. With vintage Japanese 3-7X20 scope pictured- \$175.

As excerpted from my testing notes-

16gr FX after tune, 220 BAR, 9 shot pband- Lo= 893, Hi= 920, ES=27, SD= 10, Avg= 906/29.0

18gr AA after tune, 220 BAR, 10 shot pband- Lo= 854, Hi= 878, ES= 22, SD= 8, Avg= 868/30.1

This light PCP carbine shoots 1" five-shot groups at 50 yards with 16 grain AAs at 900+ FPS.

.22 AEA Challenger Pro regulated PCP rifle in excellent condition. I've detuned this very powerful rifle to return a high shot count with 18.1 grain JSB pellets at 33 foot pounds, and added a trigger-sear adjusting screw to give it a good trigger action. \$450 From my notes- 18.1 grain JSB, 15 shot string- Low= 896, Hi= 911, ES= 15, SD= 4, Average= 901 FPS/32.7 FP

Mid-60s vintage **wood stock** Crosman 760 multi-stroke pneumatic bolt-action repeater BB/pellet rifle in perfect functional condition & VG+ cosmetic condition, holds air indefinitely, \$125.

1960s vintage .177 Crosman 187 Co2 rifle in excellent, all original cosmetic condition but not holding pressure. These are much rarer than the .22 Model 180s. \$100

Customized Crosman 1322 .22 multi-stroke pneumatic pistol with grooved alloy receiver, 1" longer Crosman barrel, stainless steel pump pivot pin, oversize bolt handle, hammer-spring adjuster, very crisp & light trigger job, very accurate. \$150

Weather permitting, I will be displaying some of these at the next Arlington Sportsmans Club field target match/airgun garage sale on Saturday, January 27; however I might not have room to bring them all. If anyone interested in seeing, handling and/or shooting any of these will contact me to that effect, **I'll make it a point to bring what you're interested in.**
